Firstly, I would like to introduce myself. My name is James Harding and I am the Head Coach of Caunton Tennis Club. We may well have been into the school before to deliver tennis coaching in the past or may currently be running an after school club at the school.

As we are the biggest tennis club within the surrounding area of Newark and the North of Nottinghamshire and offer coaching for all ages every day of the week, we feel that a strong school club link is very important. We want to give an opportunity to all children within schools to take part in tennis and join coaching if they so wish. There has never been a better time for tennis and getting more children into the sport.

We would really like to be considered by your school for providing tennis in curriculum time. Our coaches will not only deliver a high-quality tennis session but also do multi sports within the session to help develop children's Agility, Balance and Coordination. We have experience in working with groups of up to 30-40 children so can take a full class at a time. If teachers are interested, we can also provide training to them throughout the sessions so they can continue to use their knowledge with their class. We provide all equipment for either indoor or outdoor sessions and this is included in our coaching fees.

All our coaches are fully LTA Licensed with insurance and have Full enhanced DBS clearance with First Aid qualifications. LTA coaches are some of the highest qualified throughout the sporting world and go through regular training to keep their licence. Our coaches also attend regular safeguarding training and have regular coach mentoring.

As a club, we have 9 floodlit courts and can offer all children excellent coaching to develop their tennis. We also offer regular tournaments, tennis camps, social events at the club. We also host the Newark and Sherwood School Tennis festivals which your school may have attended in the past. We can also offer after school club or lunch time clubs to the schools.

We have a great outreach programme and are currently delivering coaching weekly in many schools around the area.

I look forward to hearing from you as to whether there is any opportunity for us to come into school and deliver coaching sessions or after school clubs. Please email lisa@tennis4all.org.uk or call 07555 783085 if you would like to discuss this with me. I would be more than happy to come into school and have a meeting to discuss what we could offer.

Kind regards

James Harding
